Score Thesis Assumed/Inference

Market baseline: Egypt ~40% win, draw ~30%, Iran ~30% (Dimers de-vig, June 26). Egypt lead Group G on 4 points after a historic 3-1 win over New Zealand; Iran have drawn twice (2-2 NZ, 0-0 Belgium) and failed to score against Belgium. Salah and Marmoush give Egypt a cutting edge Iran lack. Iran must chase, but their projected 5-4-1 sits awkwardly with that need. Marciniak's 0-card WC2026 opener and breezy Seattle evening confirm a football-first baseline; wind may slightly suppress long balls.

Central path: Egypt 1-0 · **Alternative:** Egypt 1-1 Iran

1. Core — Egypt -0.5 Asian Handicap @ +135\$60 · 30u

Expresses narrow Egypt win thesis. Pharaohs beat NZ 3-1; Iran 0 goals vs Belgium. Salah/Marmoush counter when Iran push.

Min acceptable: +125 · **Cancel if:** Salah ruled out or Egypt confirm ultra-defensive 5-4-1 with no Salah.

2. Adjacent — Under 2.5 Goals @ -230\$25 · 12.5u

Market already at 1.5 with heavy Over juice; Iran 2 GF in 2 games. Supports 1-0 and 1-1 paths.

Min acceptable: -250 · **Cancel if:** Both teams confirm all-out attacking XIs with 4 forwards combined.

3. Differential — Correct Score Egypt 1-0 @ ~+600\$15 · 7.5u

TNT Sports and multiple models project 1-0. Iran must attack; Egypt can manage with draw insurance.

Min acceptable: +550 · **Cancel if:** Iran score inside first 15 minutes.

Pre-Purchase Check	Action
Handicap shifts to Egypt -0.25 or pick'em	Reduce core to 40%; add Draw @ +170 as adjacent play.

Pre-Purchase Check	Action
Salah or Marmoush not in XI	Drop correct score 1-0; reduce -0.5 to min threshold.
Total line drops to 1.5 with Over -150+	Under 2.5 less attractive; pivot to Draw if Egypt park bus.
Heavy rain at kickoff (FOX13 invalidation)	Reduce Under confidence; widen score range to 2-1 either way.

Referee & Environment Impact

Referee: Szymon Marciniak (Poland)

Verified FIFA appointment for Match 63.

ARs: Tomasz Listkiewicz, Adam Kupsik (POL); 4th: Yusuke Araki (JPN).

WC2026 sample (MD1): Argentina 3-0 Algeria — 0 yellow, 0 red, ~21 fouls. Career avg ~4.1 yellows/match (Transfermarkt/FootyMetrics).

Score impact: **Assumed — NO CHANGE**

on baseline. Single 0-card WC match is thin sample; Marciniak typically allows flow. No penalty/red-card inflation signal.

Venue & Weather

Verified Lumen Field, Seattle — ~69,000

capacity, open-air, FieldTurf surface.

Forecast (FOX13 Seattle, June 26): Rain eases by afternoon; match window (~8 PM PT) mostly dry, mid-60s°F (~18°C), SW winds 15–25 mph, possible cloud breaks.

Score impact:

Assumed — SLIGHT DOWN on total goals.

Breezy evening may reduce crossing accuracy; dry pitch supports Egypt counters. Not enough to override low-scoring market.

Invalidation trigger: Sustained heavy rain or 30+ mph gusts at kickoff would downgrade Under 2.5 and narrow-win thesis.

Event Background

Group G finale, simultaneous with New Zealand vs Belgium (BC Place). Top two advance; best third-placed teams may also qualify. Egypt (4 pts, +2) need only a draw to reach the Round of 32 — a first in their World Cup history. Iran (2 pts, 0 GD) must win to guarantee advancement; a draw leaves them on 3 pts hoping for a best-third spot. Belgium (2 pts) play New Zealand concurrently.

Team	P	W	D	L	GF	GA	GD	Pts
Egypt	2	1	1	0	4	2	+2	4
Iran	2	0	2	0	2	2	0	2
Belgium	2	0	2	0	1	1	0	2
New Zealand	2	0	1	1	3	5	-2	1

MD1: Belgium 1-1 Egypt (Seattle) · Iran 2-2 New Zealand (SoFi) · **MD2:** Belgium 0-0 Iran (SoFi) · New Zealand 1-3 Egypt (Vancouver)

Advancement math: Egypt win = top spot. Egypt draw = through; may still top group if Belgium fail to beat NZ by 3+. Iran win = through (possibly as group winners if Belgium draw). Iran draw = 3 pts, survival depends on other groups.

Team Overview

Egypt •

Verified FIFA #29 (June 11, 2026). Coach

Hossam Hassan. First-ever World Cup win (3-1 vs NZ). Salah has 1 goal, 2 assists in the tournament; chasing Hassan's record 69 international goals (Salah on 68).

Style: 4-2-3-1 projected; Salah drifts inside, Marmoush leads line, Ashour/Zico support. Only concession was an own goal vs Belgium.

Injuries: Hamdy Fathy (hamstring) and Hossam Abdelmaguid (head) doubtful per Al Jazeera/FotMob (June 26).

IR Iran •

Verified FIFA #20 (June 11, 2026). Coach Amir

Ghalenoei. Two draws, unbeaten but winless. 0 goals vs Belgium; Taremi yet to score (VAR disallowed one).

Egypt game-state incentive	Draw enough — may manage tempo after lead.	Supports 1-0 central path; Under 2.5.

Tactical Question	Watch	Betting Impact
Iran must-win tension	5-4-1 vs need for goals — when to open up?	Iran push = Salah counter space; Egypt -0.5.
Salah vs Iran wing-backs	Rezaeian/Hajsafi vs Salah cut-inside.	Key to breaking deep block; 1-0 correct score.
Taremi isolation	Limited service vs Ibrahim/Rabia.	BTTS No lean; Iran 0 goals vs Belgium.
Fathy/Abdelmaguid fitness	Rabia already replaced Fathy vs NZ.	If Rabia starts, defensive continuity confirmed.

Quick guide: American **+150** = wager \$100 to win \$150. **–230** = wager \$230 to win \$100. Asian **–0.5** = favorite must win outright. **Under 2.5** = 2 or fewer total goals. Correct score requires exact final score.

Risks

Draw Insurance

Egypt may sit on lead or play for draw once ahead.

Iran Desperation

Late push if trailing opens counter space both ways.

Lineup Uncertainty

Fathy, Abdelmaguid, Cheshmi all questionable.

Concentration Risk

60% on single handicap — full budget loss possible.

Maximum entertainment budget: \$100. Do not chase shortened odds or add hedges beyond this plan. If Salah is not in the starting XI, suspend all three selections.
