Score Thesis Assumed/Inference

Market baseline: Netherlands ~88% win probability; Over 3.5 goals favored. Tunisia conceded 9 goals in 2 games (4.5/game); Netherlands scored 7 in 2 (3.5/game). Tunisia eliminated after sacking their manager; Hervé Renard hired mid-tournament. Netherlands need only a point for top spot but goal difference matters vs Japan. Netherlands have not kept a clean sheet in their last 6 games — BTTS Yes remains a tail risk.

Central path: Netherlands 3-0 · **Alternative:** Netherlands 4-1

1. Core — Netherlands -2.5 Asian Handicap @ -102 \$55 · 27.5u

Dutch should win by 3+ goals. Tunisia shipping goals freely (9 conceded). Expresses central 3-0 thesis.

Min acceptable: -110 · **Cancel if:** Koeman makes 5+ changes indicating full rotation.

2. Adjacent — Over 3.5 Goals @ +114 \$30 · 15u

Netherlands averaging 3.5 goals/game; Tunisia conceding 4.5/game. Supports 3-0 and 4-1 paths.

Min acceptable: +100 · **Cancel if:** Tunisia plays ultra-defensive 5-4-1 AND Netherlands rotate heavily.

3. Differential — Correct Score Netherlands 4-0 @ ~+700 \$15 · 7.5u

Replicates Japan's 4-0 vs Tunisia. Dutch firepower + GD motivation for top spot.

Min acceptable: +600 · **Cancel if:** Netherlands confirm heavy rotation with Depay leading line alone.

Pre-Purchase Check	Action

Referee & Environment Impact

Referee: Katia Itzel García Mendoza (Mexico)

Verified First female referee assigned to a men's World Cup knockout-deciding match. Assignment signals FIFA confidence in consistent application of LOTG.

Score impact: **Assumed — NO CHANGE** on baseline. No large-sample WC2026 card/foul data tied to this official through MD2. Mild conditions unlikely to suppress Dutch tempo.

Invalidation trigger: Heavy rain or sustained 20+ mph wind would downgrade Over 3.5 and −2.5 confidence.

Venue & Weather

Verified Arrowhead Stadium, Kansas City, MO — 79,416 capacity, open-air, natural grass.

Forecast: Warm evening, mid-70s°F (~24°C) by kickoff. Low wind expected.

Score impact: **Assumed — NO CHANGE** . Neutral conditions confirm market/football baseline; no heat or wind suppression.

Group F final matchday. Netherlands (4 pts, +4 GD) level on points with Japan (4 pts, +4 GD); Sweden on 3 pts, Tunisia eliminated on 0. Netherlands need at least a draw to guarantee first place; a win with superior GD secures top spot.
